MEETING REPORT

Team Name: <u>RMS</u>   **Date of Meeting:**   <u>2/05/2018</u>

Start Time: <u>10:30</u>   **End Time:** <u>11:30</u>   **Meeting Location:** <u>Epoka's Library</u>

Moderator: <u>Erisa Hoxha</u>   **Recorder:**   <u>Andel Gugu</u>

Other Members Present: <u>Gerta Shllaku, Fadile Gurra, Melba Hysa</u>

Members Absent: <u>None</u>

Topics Discussed:

Next task we discussed about is requirements modelling. It will be useful during code development. We decided to employ more than one approach to analysis modeled, such as Object-Oriented Analysis and Behavioral Modelling. By the end of the week, we should have finished State Diagrams, Class Diagrams, ER Diagrams and Components Diagrams. Also, the Activity Diagrams uploaded two weeks before, will get edited as well. If there will still be problems, they will be edited again. Also, we thought we needed a logo for our application.

Decisions Made:

1. Design of State diagrams, Cass Diagrams, ER Diagrams and Components Diagrams.

2. Retouch of the last uploaded diagrams.

3. Project Logo

Tasks Assigned:

1. Andel and Erisa are responsible for class diagrams, ER diagrams, and components diagrams.

2. Gerta is responsible for state diagrams

3. Fadile will design the logo for the restaurant application.

4. Melba will make the changes on the diagrams uploaded before two weeks.

Time, Place, and Agenda for Next Meeting:

Next meeting will be held on 8/05/2018 on Wednesday. Epoka's Library will be the next meeting location.
It was recommended to start with the code development as soon as possible, because it's such an important part of our project and needs to be delivered on time. Next week, everyone will be assigned some module of the app to implement.
